Sources Searched for the National Instant Criminal Database Record and Sex Offender Registry(SOR) Search

The search you have selected is a search of the data sources listed in the description and may not represent 100% coverage of all the criminal records in the jurisdiction and or sources you have selected.

This Search should be ran in conjunction with the on site County Courthouse Criminal Record Search to be Fair Credit Reporting Act compliant. On a stand alone bases this Search can be used for your Informational purposes, but shouldn't be used in decisions regarding Pre-employment and Tenant Screening qualification or disqualification.

50 State Nationwide Criminal Database empowers you to search all our instant criminal records consisting of over 300 million records in 50 states simultaneously. Data contained in this search can come from statewide repositories, local county information, Department of Corrections, Sex Offender Registries and Administration of Courts records. Please review the list of states and depth of the source(s) from each state before ordering this search. This search does NOT include all criminal records contained in each of the 50 states listed, and understand there is no database available in the industry that can offer that coverage, due to human error and individual county court.

Report also includes Sex Offender Registries, the INTERPOL Most Wanted, Fugitive List, Office of Thrift Supervision, OFAC Blocked List, P.R.I.O.R.S and Denied Person(s) List databases.

D.O.C.

Your State **Department of Corrections**. Example: Kansas Department of Corrections.

Sex Offender:

A simultaneous search of 50 state's sex offender registries. Currently, pictures of offenders are listed in 46 of the 50 states. Approximately 14 states that offer sex offender data do NOT list a DOB with the record.

INTERPOL Most Wanted:

The persons concerned are wanted by national jurisdictions (or the International Criminal Tribunals, where appropriate) and Interpol's role is to assist the national police forces in identifying or locating those persons with a view to their arrest and extradition.

DEA Fugitive List:

Data from compiled lists containing information on over 600 fugitives including the names, aliases, year of birth, place of birth and possible residence. Information taken from the FBI Most Wanted, U.S. Marshals Most Wanted, Secret Service Most Wanted and the DEA Fugitives list. Updated quarterly.

Office of Thrift Supervision (OTS):

The Office of Thrift Supervision (OTS) is the primary regulator of all federally chartered and many state-chartered thrift institutions. The OTS enforcement actions list is a directory of actions levied against OTS-regulated federal and state chartered savings associations, federal savings banks, savings and loan holding companies, and institution-affiliated parties (officers, directors and controlling shareholders of such entities and others who may act for or represent an institution) for violations of laws, rules or regulations; unsafe or unsound practices; breaches of fiduciary duty; and violations of final orders.

OFAC Blocked List:

The Office of Foreign Assets Control (OFAC) administers a series of laws that impose economic sanctions against hostile targets to further U.S. foreign policy and national security objectives. This listing contains the names and descriptor information on those persons identified by the United States to pose a threat to the interests and security of the United States. This data file also includes narcotics traffickers, terrorists, and business and organizations supporting threatening

activities.

P.R.I.O.R.S.

Public Record Indexes of Record Searches. This database is comprised of proprietary criminal data compiled from previously ordered county, statewide and federal criminal requests, from all 50 states, which contained records.

Denied Person(s) List:

Data from the U.S. Department of Commerce on persons whose export Privileges are denied by federal written order.

Here is a detailed listing of which sources of information are provided for each individual state:
